Path Finder Lab Award (2011)

Delivering Products & Solutions

- Coating, Adhesive, Paints & Polymeric materials
- Acrylics, Epoxy, PU, Polyurea, PUD, Thermoplastic
- Develop and/or improve products, processes, and performance and/or optimize costs
- Technology transfer, vendor outsourcing
- Technical lead or collaboration as SME
- Safe lab op, setting up lab, new test methods
- Sustainability in Innovation & Product Developments
- Building fundamentals

Intellectual Property

- IP generation/protection - Invention records, FTP, Patentability, office actions, claim substantiation
- Hands-on IP landscape; Insights from patents

Strategic aspects

- Driving projects through NPI stage gate process
- Product roadmap; Capability dev strategy
- Driving competitive advantage through product differentiation & regulatory spec-in
- Identify next big opportunity through voice of patents and foresight from insights
- Leading Lab and corporate initiatives
- Collaboration & Mentoring
